

craigowl

Craigowl Services Ltd, Hedgerows House, Claypole Road, Stubton, Newark, Notts. NG23 5BU, England.

Telephone 01636 626050. Fax 01636 626082. E-mail sales@craigowl.co.uk
Registered in England. Registered Number 3119526. VAT Registration No. 657 8649 72

PRODUCT APPLICATIONS

Advertising, Outdoor

- Alpha Paste, Beta Paste - range of powder poster pastes.
- Delta Paste - ready-to-use paste for plastic/aluminium blades.
- Board Cleaner - liquid cleaner for board surrounds.
- StickyStuff - adhesive intensifier additive.

Animal Feeds

- Pellan - specialised pelleting and extrusion agent.
- ContraWate - pet food dietary additive

Ceramics & Refractory

- Carboxymethyl cellulose (CMC) - slip binders & rheology modifiers, fire cements
- RheoVis - suspension, anti-sedimentation in foundry core/mould washes

Digital Images

- High quality digital images of many subjects - please ask if you have an interest.

Drilling and Completion

- CraigCel - fluid loss control and viscosity additives
- CraigPol - speciality polymers
- CraigThin - high temperature polymeric deflocculant
- CraigPac - polyanionic cellulosic polymer
- CraigGel - untreated Wyoming bentonite
- Mikroflon - PTFE fine powder lubricant
- PolyPlug - polymer lost circulation additive for extreme conditions

Household

- CraigGel range - Air Freshener Gels, rheology modifiers, dispersants,
- RheoVis - Thickener for acid/alkali based cleaners, descalers,
- Carboxymethyl cellulose - soil antiredeposition agents in laundry powders, liquids & tablets.
- MakroCel range - Tablet disintegrants for laundry tablets.

Paints & Coatings

- Carboxymethyl cellulose - Pigment suspension & dispersion, film forming
- Casein - base for ecological paint formulations.
- AgriVis - texture/stability in paints, wall coatings, latex emulsions, dispersions, adhesives

Paper & Board

- Carboxymethyl cellulose (CMC) - sizing agents, binders, wet/dry strength additives
- Casein - coating binder for specialist papers
- Cellulose Powder (Alpha cellulose) - carbonless paper

Plastics

- Cellulose Powder (Alpha cellulose) - special filler.
- Reproflon - PTFE powder and semi finished profiles.
- Mikroflon - PTFE fine powder for lubricants and fillers.
- Ecoflon - filled PTFE semi finished profiles.
- Mikrolen - ultra high molecular weight polyethylene (PE 1000)

Rubber

- Cellulose Powder (Alpha cellulose) - special surface effects

Textiles

- Carboxymethyl cellulose (CMC) - textile sizes
- CraigSize - custom formulated sizes
- RheoVis - textile printing aid

Welding Electrodes

- Carboxymethyl cellulose (CMC) - electrode coating binders
- Cellulose Powder (Alpha cellulose) - active coating ingredient

General Industrial

Viscosifiers, rheology modifiers, binders, dispersants, suspending agents,

Other water soluble polymers or cellulose ethers are available by special arrangement. Please ask if you do not see what you require.
